Course objectives											
<p>International Economic Diplomacy is a course focusing on decision-making, policy-making and advocating for a state's business interests. This course introduces students to the key theories and issues concerning the dealings of nations with each other as well as the institutions of global governance that impact trade relations. It traces the changes taking place in the global trade architecture especially the move from trade negotiations fronted by the WTO to trade in a multilateral environment and the regulatory architecture for dispute settlement.</p>
